Subject: DRAFT EPA letter to SWRCB after workshops

Hi Everyone,

I am sending out a draft of the letter EPA plans to send to the State Board (following the fall workshops) to this group to keep up the nice level of coordination we had during workshop preparation. We have a short turn around time and would like to send it today if possible. I know that is not much time and apologize for this!! On the bright side the letter is only ~ 3 pages of text, less than that if you subtract out the hello and good bye paragraphs. If a review absolutely cannot happen today or there are larger concerns about the content, let me know and we can aim for Monday.

For those of you interested in reading/reviewing the draft, we're interested knowing if there is any content that conflicts with the messages this group sent and approach we used during the workshops. We're pretty sure it is consistent but want to check with all of you. Also, we hope there aren't any mistakes at this point but if you find a factual error it would be helpful to flag the error.

Thanks everyone & sorry again about the request for review in a short time.
Erin
